

TELEPROMPTER MONITORS

Let your on-screen talent shine with this **AF Studio Series Teleprompter** from Vertex Media (Powered by Mirror Image). Bright at 1000 cd/m², the prompter's 17" colour LCD monitor is designed to afford easy readability in intensely lit studio environments. The prompter's monitor has the ability to flip the script from left to right. It displays the prompt text at resolutions up to 1920 x 1080 and accepts SDI, HDMI, VGA/SVGA, and NTSC/PAL composite video. The beamsplitter mirror assembly comes with a rigid 20" trapezoidal hood. No counterweight required. The camera mount is designed for most of today's ENG/EFP cameras. Overall Weight is just 25 pounds.

Camera mount fits most ENG/EFP cameras

No counterweight required

Overall weight of only 25 lb
